## *Welcome*

I am delighted to introduce to you Ghana's premier teacher education University. The University of Education, Winneba (UEW) was established in 1992 to produce professional educators and conduct relevant research that will help inform the direction of development of education and educational policies in Ghana.

Over two decades of its existence, the University has continually improved and expanded its programmes and facilities to make it a preferred destination of choice for higher education. The

University has graduated over 90,000 individuals with certificates, diplomas, bachelors and postgraduate degrees.

UEW continues to make improvements in areas of teaching, learning, research and the use of Information and Communication Technologies in educational delivery. Efforts are made to constantly review programmes to make them responsive to the exigencies of modern times. The University promotes a culture of innovation, originality and academic independence. Highly motivated staff combine teaching and lecturing methods, and deploy modern ICT facilities for instructional delivery thus reducing learning to fun. Our programmes are offered in various modes to suit the choice of our students.

The University has two institutes, two schools, eleven faculties and over fifty academic departments and centres which run over 200 undergraduate and postgraduate academic programmes.

The purpose of this brochure is to give a quick glimpse of what the University has to offer.

## BRIEF HISTORY

The University of Education, Winneba (UEW) was established in September, 1992 as a University College under PNDC Law 322. On 14<sup>th</sup> May, 2004 the University of Education Act, Act 672 was enacted to upgrade the status of the University College of Education of Winneba to the status of a full University.

The University College of Education of Winneba brought together seven diploma awarding colleges located in different towns under one umbrella institution. These Colleges were the Advanced Teacher Training College, the Specialist Training College and the National Academy of Music, all at Winneba; the School of Ghana Languages, Ajumako; the College of Special Education, Akwapim-Mampong; the Advanced Technical Training College, Kumasi; and the St. Andrews Agricultural Training College, Asante-Mampong.

## THE UNIVERSITY LOGO

The principal motif of the University Crest, the “Adinkra Ntesie” is a Ghanaian cultural symbol associated with wisdom and knowledge as the essential ingredients of education.

Arising from the “Adinkra” motif is a torch radiating its light in all directions, suggesting that the knowledge nurtured at the University would become a source of enlightenment to all people far and wide. It is a flame that would dispel the darkness of ignorance.

The red colour combines with the blue against a background of pure white to symbolise hard work and perseverance. All the symbols are set in a circle bearing the motto: Education for Service and symbolising the completeness of training at the University of Education, Winneba.

The Starburst motif of the Crest is made up of different wave lengths and conveys the idea that teachers trained by the University would disperse into every corner of the country and render services to all Ghanaians irrespective of social status, religion or sex.
