ICTE 365 Technology Project Management

This course seeks to introduce students to concepts and issues related to undertaking Information Technology projects. It will explore concepts including resource management, including budget planning and management, resource acquisition, and grant and bid proposal development for technology systems projects.

The overall purpose of the course is to blend theoretical aspects of project management to the pragmatic situations the student will face in industry or in academic environments. The outcome of the course will provide the foundation for developing technology-based project plans, management and experience in project management. It is expected that students will also gain certain knowledge and skills.

STEP 2:

Some courses might require an enrollment key to be given by the Lecturer. If the course requires an enrollment key, find out from your lecturer. Enter the enrollment key and click on **ENROLL ME** to join the course.

If your course does not require an enrollment key, clicking on the course will add you.

The screenshot shows a web interface for course enrollment. At the top is a dark blue navigation bar with a home icon and the text 'HOME'. Below this is a breadcrumb trail: 'Home » Courses » Faculty of Science » ICT » ICTE 365 » Enrol me in this course » Enrolment options'. On the left side, there are two panels: 'Navigation' and 'Administration'. The 'Navigation' panel includes links for 'Home', 'Dashboard', 'Site pages', 'Current course' (with a sub-link for 'ICTE 365'), and 'Courses'. The 'Administration' panel includes 'Course administration' and a prominent blue link 'Enrol me in this course' with a person icon. The main content area is titled 'Enrolment options' and features a course card for 'ICTE 365 Technology Project Management'. The card contains a description of the course, its purpose, and the teacher's name, Ephrem Kwaa-Aidoo. Below the course card, there is a section for 'Self enrolment (Student)' which states 'No enrolment key required.' and features a large red 'ENROL ME' button.

Dear Learner,

Welcome to ICTE 365 "Technology Project Management". This course will be delivered to you in a hybrid mode - that means some portions of the course will be available on this online platform where you can access at any time; other portions will be delivered in a face to face setting. We expect that you read all materials, participate in all activities such as forum discussions; contribute to journals, collaboratively build content using wikis on online and undertake project management activities. We will use most of our normal face-to-face class meetings to discuss and clarify issues that arise from our readings and participation in online activities.
